Our products

A Aerobiology cabinets

Air samplers
Alkaline hydrolysis
Analytical balances
Autoclaves

B Balances

Bead baths
Bead mill cryogenic systems
Bead mills
Beads/tubes
Bioreactors
Biowaste systems
Block heaters
Blood bank refrigerators
Blood plasma freezers
Blotting systems
Bottle-top dispensers
Burettes

C Cell analysis systems

Cell disruptors
Cell sorters
Centrifuges
Chemical storage cabinets
Chemiluminescence systems
Circulators
Class III cabinets
Cleanroom lifters
CO₂ incubators
Colony counters
Compounding isolators
Conductivity meters
Controlled rate freezers
Cooled incubators
Cryoboxes
Cryogenic freezers
Cryostorage
Cryotubes

D Data loggers

DI water systems
Diaphragm pumps
Dilutors
Dispensers
DNA extraction kits
DO meters
Dosing pumps
Dry baths
Drying ovens

E Effluent decontamination

Electronic burettes
Electronic pipettes
Electrophoresis
Environmental chambers
Environmental laboratories
Explosion-proof freezers
Explosion-proof fridges
Extraction kits

F Feed beads/feed plates

Float baths
Flow controllers
Freeze dryers
Freezer inventory
Freezer racks
Freezers
Fridges
Furnaces

G Gas burners

Gel documentation systems
Glass drying ovens
Gradient thermal cyclers

H Haematocrit centrifuges

Heating mantles
High-throughput screening
Homogeniser probes
Homogenisers
Hotplate stirrers
Hybridisation ovens

I Ice flakers

Immersion circulators
Immersion cooler/chiller
Incubator - microplate
Incubator - shaking
Incubators
Infrared thermometers
Isolators

L Label printers

Labels
Laminar flow cabinets
Liquid handling robot
Liquid handling/homogeniser robots
Liquid nitrogen generators
LN₂ storage/dispensing

M Magnetic stirrers

Masticators

Melting point apparatus

Microbiological enumeration
Microbiological testing
Micro-centrifuges
Micropipettes
Microplate readers
Microplate shakers
Microplate washer
Mobile laboratories
Modular laboratories
Moisture analysers
Molecular microbial testing
Monoclonality assurance
Multisample homogenisers

N Nucleic acid extraction kits

Orbital shakers
Ovens

O Overhead stirrers

Paddle blenders
PCR workstations
Peristaltic pumps
Petri dish barcode labeller
pH meters
Photometers
Pipette controller
Pipettes
Plant growth chambers
Plate readers
Plate shakers
Plate spinner
Plate washer
Platers

P Platform shakers

Polarimeters
Power supplies
Radiopharmacy cabinets

R Rapid microbial testing

Reciprocating shakers
Refractometers
Refrigerated incubators
Refrigerators
RNA extraction kits
RO water systems
Robotic liquid handling
Rockers
Rotary evaporator
Rotators

Rotor-stator homogenisers

Serial dilutor
Serial pipettes
Shaken bioreactors
Shakers
Shaking incubator
Sieve shakers
Single cell analysis
Slide stainers
Sonicators
Spectrophotometers
Spiral platers
Sterilising ovens

T Thermal cyclers

Thermal mixer
Thermal shakers
Thermometers
Tissue digesters
Tissue grinders
Tissue homogenisers
Titrators
Transilluminators
Tube rollers
Turbidity meters

U ULT freezers

Ultrasonic baths
Ultrasonic homogenisers
Vacuum concentrators
Vacuum drying ovens
Vacuum pumps
Viscometers
Vortex mixers

W Warming trays

Water baths
Water purification systems
Wireless logging systems

Z Zone readers
