

# Kuhner shaker

## The new 2500L Orbital Shaken Bioreactor (OSB) for production

- + Single-use bags with integrated sensors for pH and DO
- + Large range of working volume of 500-2500L
- + Simple and fast set-up
- + Efficient liquid mixing and high oxygen transfer rates
- + Low shear forces due to surface aeration

**Trouble-free scale-up  
from microtiter plates over  
shake flasks to commercial  
manufacturing**

SB2500-Z

**Adolf Kühner AG** [office@kuhner.com](mailto:office@kuhner.com) [www.kuhner.com](http://www.kuhner.com)

**shakes reliably, shakes a lifetime**
